WORK EXPERIENCE

Procurement Team, Base Camp Coding Academy November 2019 - Present
- As a member of the Procurement team, my group and I created a tracking system to manage weekly expenses for the organization, cut costs of organizational spending by 5% while still meeting the needs of students and staff, and implemented a functional/cost-savvy inventory system to manage organizational needs

Larsens Cash Saver, Water Valley, MS *Associate Stock Clerk* October 2019 - Present
- Front aisles storewide to create attractive presentations of products
- Responsible for stocking merchandise if the quantity of the product is low on its display

BNA Bank Park, New Albany, MS *Field Manager* May 2017 - August 2018
- As Field Manager, one crew was responsible for ensuring that all baseball fields in the complex were ready for play.
- During my second summer of work at the park, my job was assigned with four others to mow the 85-acre complex throughout every week.
